Keesler Field Artists To Perform For Benefit Red Cross Chapter

Program To Be Held at Bay High School Auditorium
Friday Evening—Funds Being Raised To Equip Red
Cross Kits For Our Soldiers Going Overseas

On this Friday evening, September 11th at 8 o'clock, the local Chapter of the American Red Cross is sponsoring a program in which a number of noted musical stars who are now in service stationed at Keesler Field will appear.

The performers on this program include the famous dancer, Murmaw, and Corporals McMichael, David Saxon, Dell Arden, Chauncey Roth and J. Churchill who have been giving of their talents in benefit performance all along the Coast and whose talents have been enjoyed by everyone attending these performances.

The American Red Cross is asking its many chapters to make and equip kits containing cigarettes, hair brushes and combs, toothbrushes, tooth-paste, shaving cream and brushes, needles and thread to be given to each of the soldiers leaving for overseas duty. The Hancock Chapter of the American Red Cross, through its Executive Secretary, Mrs. Louis Maumus, has volunteered to provide four hundred of these handy kits which average in cost \$1.00 each and is sponsoring this benefit in order to raise funds for this good work. However, it is not expected to raise the entire amount through this means only, and anyone wishing to donate the cost of one or more of these kits as a worthy charity may do so and can mail or give their check to Mrs. Stella Catching, Mrs. Leo W. Seal, Miss Miriam Engman, or Mrs. Maumus.

The admission to the benefit performance will be 50c for adults and 25c for school children, and the place will be the auditorium of Bay High School and the public is earnestly requested to attend, or purchase tickets.

SCHOOLS BEGIN CLASSES

Enrollment Of Boarding
Students at Stanislaus
And St. Joseph Largest
In History of
Institutions

This week witnessed the opening of the schools in Bay St. Louis.

On Tuesday morning, Bay High School and St. Joseph Academy opened and began their regular classes. On Wednesday morning, St. Stanislaus opened their classes. In addition to the three high schools, Taylor School opened its doors to students in the primary and grammar grades on Tuesday morning.

The enrollment this year is far above the average. At St. Stanislaus, there were 201 boarding students and 122 day scholars, making a total of 323 students. At St. Joseph Academy, 210 students registered with 175 day scholars and 35 in the boarding school. Between Bay High School and Taylor School, the enrollment approximated 600.

The enrollment of boarding students at St. Stanislaus College is the highest it has been in the history of the institution. We are informed by Brother Peter, President of St. Stanislaus, that it was necessary to refuse to accept any more boarding students.

At St. Joseph Academy, the enrollment of board students is practically double what it was last year and there are still several students to report.

According to these figures, there are over eleven hundred children attending the three high schools and one grammar school in Bay St. Louis, and with the opening on next Monday of the Parochial School conducted by the Brothers of the Sacred Heart, this figure will be augmented.

St. Stanislaus College and St. Joseph Academy mean much to Bay St. Louis when we consider that they will have approximately 250 boys and girls from other parts of the country enrolled in these schools. This means much to the community, in view of the fact that the parents of these children pay frequent visits and spend quite a bit of money with us on their visits.

In addition to the amount of money that is left in the town by these students and their parents, consider the advertisement that the city of Bay St. Louis receives from St. Stanislaus and St. Joseph Academy.

Brother Peter, the president of St. Stanislaus, could well be referred to as the good will ambassador of Bay St. Louis. Under his able leadership, St. Stanislaus has more than doubled the number of boarding students in the past few years.

Re-Union of Girl Scout Troop No. 1 Held At Home of Mrs. Goldman

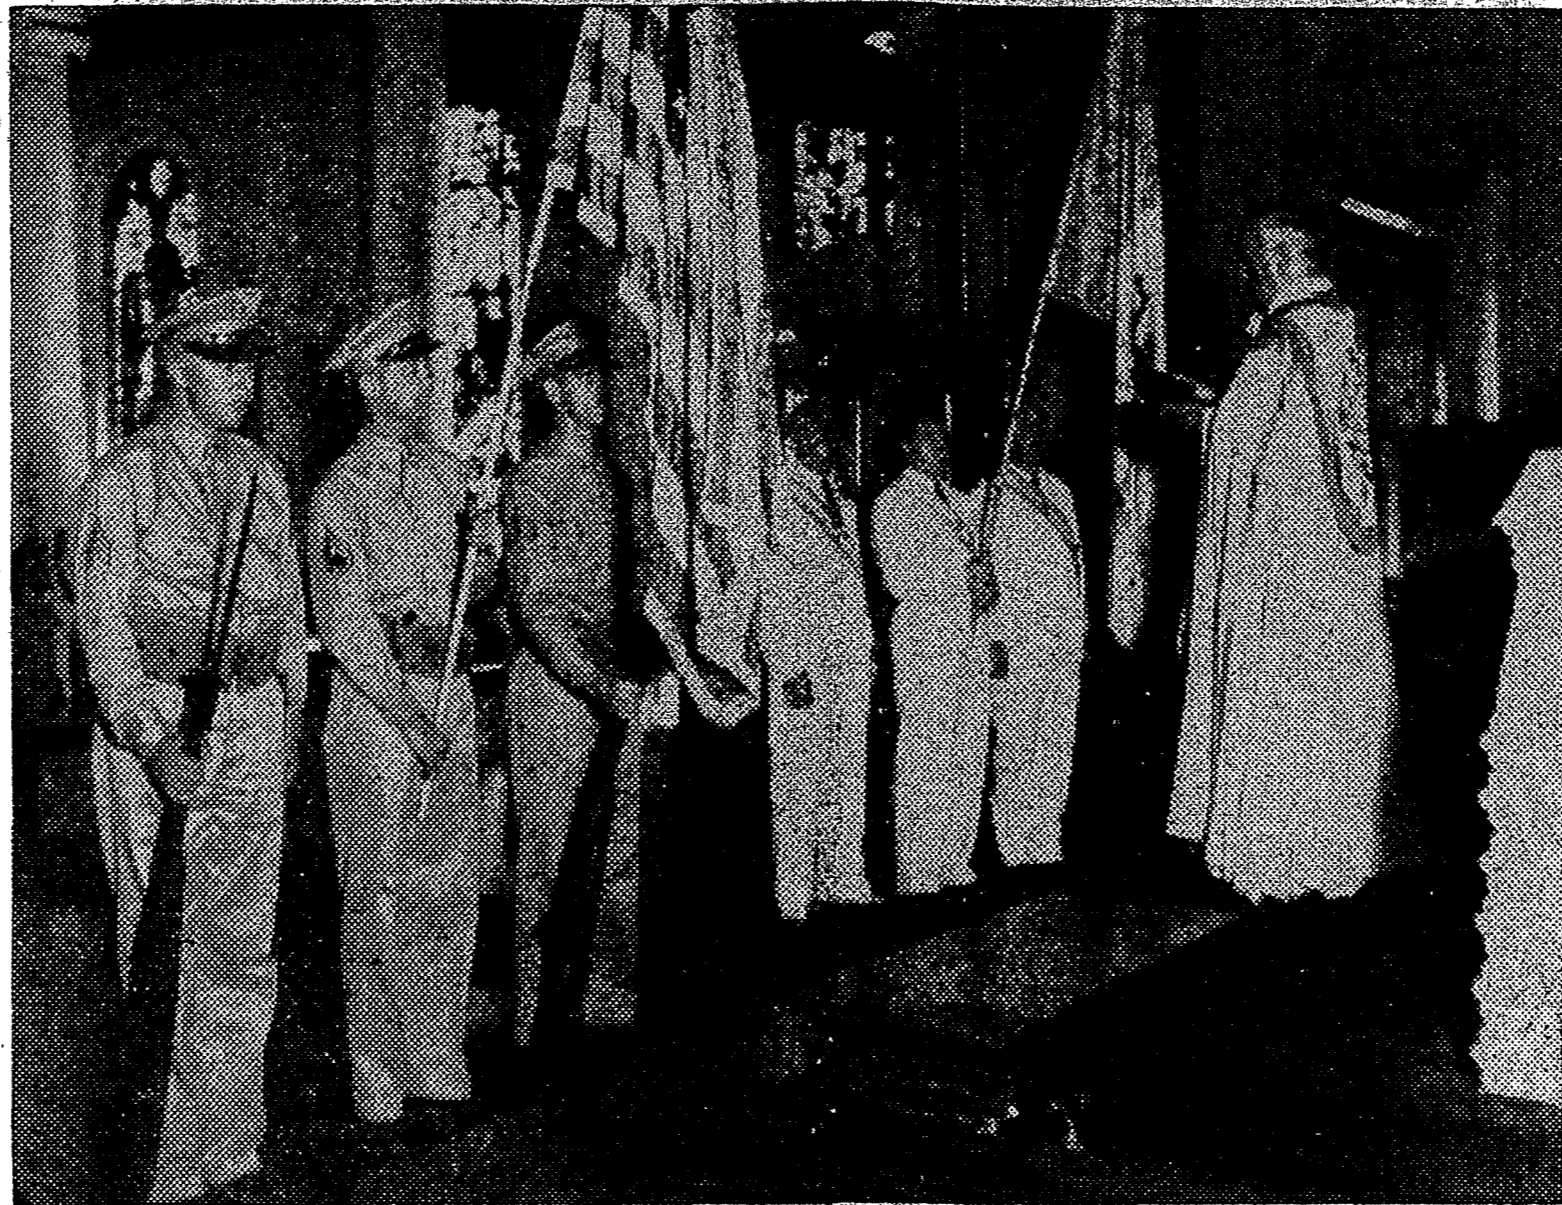

A re-union of Girl Scout Troop 1 was held at the home of Mrs. J. B. Goldman in the late afternoon of Wednesday, September 2 in celebration of the tenth year of Girl Scouting in Bay St. Louis.

Those present were Misses Mildred Cagle and Ruby Coward of Bay High Class of '38; Misses Marion Chapman, Annie Sue Ingram, Jo Rita Olson Van Devender, class of '39; Misses Lillie Olson and Rena Nelson class '40; Misses Mary Kiltrell, Helene Kergosien, Lucy Weston, Iris Davis, Rose Ann Moore Thomas, Miss Laverne Mollere, class of '41; Miss Ann Southern of New Orleans was a guest.

The girls cooked part of their supper, "Angels on Horseback" in true camp fashion on an open fireplace in the yard. Later in the evening a white and gold birthday cake with ten candles and the dates 1932-1942 was served with "Jack Benny special" punch.

Miss Rena Nelson, a bride-to-be of next month was honored with the presentation of a lovely gift. This was a happy get together of the girls whom Mrs. Goldman has brought through ten years of scouting and it was indeed a happy time for each and all present.

Local Motion Picture Houses Doing Their Part Selling Stamps and Bonds

The month of September has seen a great increase in the sale of United States War Bonds and Savings Stamps throughout the country.

The moving picture industry has pledged itself to raise one billion dollars in sales of bonds and stamps during September, and the A. & G. Theater and Orthe's Theater are taking an active interest and are sponsoring the sales at every performance.

Mr. Joseph O. Mauffray is chairman of the Bond Sale Committee for Hancock County, replacing Forster Commagere who resigned recently.

Hancock County's quota in the bond sale is \$20,000.00 and it will be necessary for every citizen of the county to buy and raise this quota. However, in World War No. 1, this county went over the top in raising its quota of \$30,000, and we are certain that it will do the same in the present bond sale.

Private John H. Pepperdene, son of Mr. Kenneth Pepperdene who resides here, is presently at Scott Field, Illinois.

Jack Pepperdene, as he was so well known when a boy attending school here, graduated from Bay High School and attended Tulane University and St. Louis University. He was employed by the Illinois Central Railway System at the time of his induction into the Army, and enjoyed a nice position. He was married to Miss Margaret Jane Williams, who attended St. Joseph Academy, and both he and Mrs. Pepperdene frequently visited at the home of his parents on Jordan River.

Swim Across Bay of St. Louis

Members of a family of ardent swimmers and lovers of aquatic sports, Catherine Ellen and Gerry Kehoe, have achieved a feat which is considered a splendid demonstration of long-distance swimming when they swam across Bay of St. Louis recently.

Gerry Kehoe, a twelve year old

CATHERINE ELLEN AND GERRY KEHOE

student of St. Stanislaus College, had previously swam across the Bay one afternoon in a trial swim, and on the afternoon when he and his sister, Catherine Ellen, "Tatty," decided to swim the Bay together, the water was rough and this caused them to divert from their course occasionally, thus lengthening the swim which approximated a distance of three miles from the starting point three hundred yards north of the Highway bridge to the finishing point directly before the Kehoe residence.

Mrs. H. Grady Perkins and Mr. Charles V. Kehoe, Sr., accompanied Gerry and Tatty rowing along the course so as to be on hand in the event either swimmer became exhausted.

Katherine Ellen is a junior in high school at St. Joseph Academy and both she and her brother were awarded Red Cross life saving certificates after completing the requirements of the Red Cross Life Saving test.

With swimming rated as one of the finest of exercises, and almost a requirement for children and adults as well who live in places bordering waterways, more of our people, young and old, should avail themselves of the opportunity of becoming good swimmers.

Families of Service Personnel Urged To Use New V-Mail System

New Orleans, Sept. 4—Admiral Chester W. Nimitz, Commander-in-Chief of the Pacific Fleet, has issued an appeal to families of service personnel to use the new, fast V-Mail system for correspondence from the Mainland to forces afloat and ashore.

Pacific Fleet V-Mail authorities pointed out that speed, privacy and economy should make use of this microfilm service attractive to the armed forces.

Whereas regular air mail from the Hawaiian area to Pacific Coast points takes many days—even going by convoy when mails are unusually congested—V-Mail to these same cities averages only four days. V-Mail for East Coast points takes only six days from the time of posting to arrival at its addressed destination.

In the fleet, mail clerks have been supplied with V-Mail forms, Letters written on these blanks and posted for censorship are not read again until they reach the addressees.

Hawaiian area V-Mail is photographed on 16-millimeter microfilm spools in Honolulu. These rolls, two of which contain as many letters as an ordinary mail pouch, go to the Mainland by the First Available air transportation. They rate highest priority; they go immediately.

By fast mail train completed V-Mail is then sped to recipients, who get 4x5½ inch enlargements of the tiny negatives in official envelopes—without charge.

Mainlanders corresponding with men afloat or ashore may obtain their V-Mail blanks from any post-office. Full instructions appear on each form. Letters are sent to the nearest V-Mail center for forwarding by air to the soldier, sailor or marine concerned. Again, days are saved; and valuable space is conserved for vital war goods.

It was urged that service users of V-Mail request their correspondents to take advantage of this fast system. V-Mail now goes to personnel on duty in Australia—and in intermediate island bases.

Truck Wrecked When Hit By L. & N. Train

Louisville & Nashville train No. 5 on Friday afternoon struck the truck of Albert Heitzmann at the Second street crossing.

Mr. Heitzmann's attention was on a north bound freight train coming out of the station and did not see the south bound passenger train. The two negro men with him on the truck jumped but the train struck them just as Mr. Heitzmann jumped. He suffered a severe shock but no bones were broken. The truck was carried about thirty feet and almost completely wrecked.

Gov. Johnson has appointed Nate S. Williamson, of Meridian, as district attorney of the 10th circuit court district, to succeed Jack R. Loberano, who has been granted a leave of absence from his official duties in order that he might enter the military service.

BLESSING OF FLAGS SUNDAY

American and Papal Flags
Blessed And To Be Dis-
played for Duration

On last Sunday morning at 10:45 at the Church of Our Lady of the Gulf, a very simple but impressive ceremony took place when Very Reverend Father Andrew J. Gmelch, Pastor of the Church, accepted a gift of two flags, the American flag and the Papal flag, from Mrs. C. V. Blaize, wife of the mayor of the City of Bay St. Louis, who presented the flags to the Pastor on behalf of the people of Bay St. Louis.

In presenting the flags, Mrs. Blaize made a few remarks which we quote as follows: "In behalf of the donor, I take great pride and pleasure in presenting to you, Reverend Father, these flags to be blessed and placed in the Church of Our Lady of the Gulf for the duration. May these flags always remind us of what they stand for—God, Country and Freedom; freedom of speech, freedom of the press, and what is so important to us—Freedom of Religion."

May they also be an incentive for us to work harder, give more of our abundance, and pray fervently for the supreme sacrifice. They are giving everything they possess to preserve this precious freedom, the freedom for which our forefathers fought, bled and died." And in accepting the gift of the flags, Father Gmelch said: "I accept with gratitude these flags which represent a timely and most precious gift, and pledge them to be displayed in the church, for the duration for all look at them as a reminder of our debt of allegiance and loyalty to God and Country."

Following the presentation of the flags on the platform in front of the church, the American flag was handed to a color bearer and color guard formed from a detachment of soldiers from Keesler Field, and the Papal flag was handed to a color bearer and honor guards, members of the Fourth Degree, Knights of Columbus.

Immediately upon presentation of these flags, the color guards proceeded to the main altar in the church.

Following the flags were the different civic and fraternal organizations who filed into church for the blessing and the mass which immediately followed the blessing of the flags.

Father Gmelch, assisted by Rev. Father Wm. F. Clark and Rev. Father John F. Niemeyer, were the last ones to enter the church. Upon ascending the altar, Father Gmelch immediately proceeded to bless the flags and they were placed in position in the sanctuary.

During the mass, a color guard remained at attention on either side of the American flag, and the guard of honor on either side of the Papal flag.

Upon entering the church, patriot songs were sung, "The Flag of Freedom" and "Flag of the Free." At the offertory of the Mass, the choir and congregation sang "America" and at the end of the Mass, "The Star Spangled Banner."

The military detachment from Keesler Field was composed of First Sergeant Luther Lindsay, Staff Sergeants Jack Feron and Marshall Wright, Sergeant Allen Peterson, Sergeant Jack Bush, Sergeant Joseph Johnson, Sergeant Vern Perkins, Corporal William Harris and Private Robert Goolsby.

Captain T. M. Hendricks, a resident of Bay St. Louis who is stationed at Camp Shelby, was present and participated with the military detachment, in the ceremony of the blessing of the flags and during the Mass.

NO FINER SPIRIT

ON last Sunday we had the occasion to witness the ceremony of the Blessing of the American Flag and the Papal Flag at Our Lady of the Gulf Catholic Church in Bay St. Louis. This ceremony, carried out in very simple form, was, indeed, impressive.

The words of Mrs. G. Y. Blaize, wife of the Mayor of the City of Bay St. Louis, in the presentation of the flags, and the words of the Very Reverend Father A. J. Gmelch, in accepting them on behalf of the Church, were very appropriate. The military detachment from Keesler Field was indeed, a credit to the Army. These men, well trained and splendid specimens of manhood, brought to our mind the thought of how many such splendid young men now in the service of their Country will give their lives, so that we may continue to enjoy that freedom we cherish so dearly—a freedom that permits a public demonstration of loyalty to God and Country.

As we gazed over the crowd—boys and girls of local scout troops, members of the American Red Cross, the Motor Transport Group, the American Legion, the Knights of Columbus, the Immaculate Conception Society—all joined together, attending the ceremony of the blessing of the Flags of our Country and of the Catholic Church. Joined together in this public demonstration were Catholics and non-Catholics. During the celebration of the Mass, all joined in singing "America" and at the end of the Mass, "The Star Spangled Banner."

It is, indeed, gratifying to see petty prejudices set aside in times such as these, to see all types of people working hand in hand for a common cause. Bay St. Louis has always stood out as a city of liberal thought, and we have been proud of the fact that narrow-mindedness and prejudices have not influenced the lives of the people in our community. We have always been able to say with pride that all hands join together in Bay St. Louis, as and when the necessity arises, and when it is for the good of our Community and Country.

We have been able to observe on numerous occasions the attitude of our non-Catholic friends in their support of our Catholic institutions, and again we have been able to observe the support given by the Catholics to other denominations, in any public move or effort that they may make. This is truly a democratic spirit. These are the things that we are fighting for today, and these are the privileges that we hope to continue to have and may the people of Bay St. Louis continue to live with that truly democratic spirit imbued in their hearts, with the thought in mind, that even though our method of worship may be different, we are creatures of God, put on earth to love and honor Him.

HOW TO BECOME INTELLIGENT

FOR individuals who want to become educated, it is interesting to read the views of those with whom they disagree and thus it is possible for them to learn something occasionally.

The man who is unable to justify his views even to himself against the argument of intelligent opponents, is in the bib and tucker stage and should not read. He ought to content himself with a bowl of mush and try to eat without wasting it on his shirtfront.

Of course, it is well, when listening or reading to any discussion, to understand the interests of those who partake of the proceeding. Human nature, being as it is, it is inevitable that most individuals are influenced by their monetary, social, political and other interests.

It is a waste of time to listen to any person whose only aim is to confuse your mind and befuddle your thinking by smart tricks of debate. There are many sources of sincere thought upon most subjects and it behooves you to seek them out.

It is well to remember that most arguments about human affairs revolve around conflicting definition on inaccurate facts. Consequently, if you get into a discussion of any subject be sure that what you mean by a key phrase or topic is the same thing that others mean. Seek first of all to secure the facts upon which there is agreement and approach the balance of the field with a desire to ascertain rather than to prove.

Buy a War Bond and keep it for the future—you'll probably find it useful.

Meatless and heatless days will convince some Americans that the nation is at war.

The man who admits a foolish act is to be trusted; the "wise guy" who is never wrong is a fool; leave him alone.

SENATOR DOXEY SHOULD BE REELECTED

The people of Mississippi had felt that the Senatorial Election would probably be a very mild affair. However, the second primary between Senator Wall Doxey and Jim Eastland has really developed into a knock down and drag out, and is now a typical Mississippi political race.

We supported Senator Doxey when he was elected last year. We supported him in the first primary on August 25th, and we are going to support him in the second primary on September 15th. Wall Doxey will make Mississippi a good Senator. During the short period of time that he has been in the United States Senate, he has been recognized by his colleagues and has been given some of the best committee assignments in the Senate. Undoubtedly, the membership of this great body recognized Senator Doxey's ability, and having observed his work as a member of Congress for fourteen years, were of the opinion that the Junior Senator from Mississippi would make a very valuable member of that body, and rewarded him with committee assignments, second only to those that were held by our late Senator Pat Harrison.

Wall Doxey will make Mississippi a good Senator. Of course, we should realize that in a short period of time a man cannot enter the United States Senate and set the country afire as has been claimed to have been done by Senator Doxey's opponent. We know that the members of the United States Senate are jealous of their prerogatives, and we know that the older members resent acts of affront by younger members, and we also know that these older members usually sit down on what they term 'political upstarts.' It is our prediction that if Wall Doxey is elected to the United States Senate, that in time to come, the people of Mississippi will be able to point to him as their Senator, with pride.

Much has been said in this campaign about Wall Doxey being led and dictated to by Senator Bilbo. This, in our opinion, is purely political propaganda, and those who know him know that he is one man that cannot be dictated to. He is capable, honest and fearless, and has a mind of his own. The question of who is supporting who in the race for the Senate, should not enter into the picture. The sole question should be, who will make us the best United States Senator. We are not against Jim Eastland because he is supported by Governor Johnson nor, are we for Wall Doxey because he is supported by Senator Bilbo. We are for Wall Doxey because we believe that he is better fitted to represent Mississippi in the United States Senate at this time than his opponent. His years of experience in the Congress of the United States, and the influence that he has in Washington at the present time, will redound to the benefit of our State.

Mr. Eastland claims credit for many accomplishments during the three months period that he served in the United States Senate. People who know, or who have any intelligence, realize that these claims are absurd, and that Mr. Eastland did not do, nor could he accomplish all that he claims he did. There is not a single bill introduced by Mr. Eastland that has passed Congress, and we wonder how he can lay claims to so many accomplishments, when he failed to have enacted into law any measure that he may have proposed. If the people of Mississippi should elect Mr. Eastland to the United States Senate, it is our belief that very little will be heard of him for the next six years. We doubt if the membership of the Senate will forget some of the speeches made by Mr. Eastland, and we feel certain that when these come to mind, that he will be relegated to a back seat, and the people of Mississippi will only be partly represented.

Senator Doxey is not a rabble rousing type of politician. He represented his people in Congress for fourteen years and each time was reelected without opposition. He certainly must have been held in high esteem by the people of his district to have maintained such a record. We know the high regard that the late Senator Harrison had for Senator Doxey, and that was one of the prime reasons for our supporting him in the special election last year, even though we had only a casual acquaintance with the Junior Senator.

Senator Doxey is trailing by some 12,000 votes, but this does not mean much in a political campaign when proper organization is had, and when the opposition begins to make political mistakes. Governor Johnson, in his anxiety to help Mr. Eastland, has probably made the worst mistake so far in this campaign, when he demanded the resignation of Colonel Ira Morgan, an appointee of his on the State Board of Trustees of Schools of Higher Learning, for the reason that Colonel Morgan was supporting Senator Doxey and making speeches for him, contrary to the wishes of the Governor, who is all-out in his support of his candidate. This action has cost Jim Eastland many votes. The people of Mississippi, as has been shown on many occasions, will not tolerate the making of the higher institutions of learning in this State, a political football. There is a growing resentment in the State against the actions of the Governor in this matter, and it is our belief that the returns of the election on September 15th, will show that he made a terrible political mistake.

Hancock County gave Senator Doxey a handsome majority in both the special election last year and the primary of August 25. It is our sincere hope that this vote will be increased on September 15th, and that we will be helpful in reelecting to the United States Senate, a man, who, in our opinion, will prove a worthy successor to Senator Pat Harrison.

Next year it will be a good idea for all Americans to plant a good garden to help their neighbors get good meals.

Any American who is unwilling to accept hardships on account of the war, should be sent into the front line trenches to discover what hardship really means.

Over Six Million Dollars

With few exceptions executives in industry rose from the ranks of labor. Those who did not once work with their hands are rare; our business leaders came up from bench, forge and plow to take the helm and assume responsibility in management.

Under no other form of government has labor shared so large a portion of its toil as under the American system of free enterprise, a system now challenged in blood and tears by tyrants who would put labor into chains. So it has become just as necessary for management and labor to do their part for freedom as for our sons to serve on the firing line.

The dignity of labor, the freedom to work, the opportunity for individual advancement are all at stake in a contest that tries men's souls.

This is the hour of sacrifice, if ours is to continue to be "the land of the free." It is the time for a united front if ours is to endure as the "home of the brave." We shall hang together for the American system or we shall hang separately.

Kellar's Tourist Camp—O. S. T

M. E. S. Drake and Mr. Frank Quintini met Monday night at the Fire House with the Auxiliary Firemen. Plans were made to meet regularly and begin special training.

The identification cards have arrived and will soon be issued to all those who completed basic training and have their insignia. There is a place on the identification card for a small picture, about an inch square. Arrangements have been made for a photographer to come from Gulfport on Thursday, Sept. 17 to the Civilian Defense Office in the Courthouse and make these pictures at the rate of three for ten cents. Since this is the type of picture required on papers of boat owners, war workers, in defense plants and many others, there may be others who will wish to take advantage of this opportunity.

Waveland will have a Civilian Defense Meeting at their school house Monday night at 8 P. M. Those volunteers needing credits in Fire and Gas Defense will hear talks which will give them this credit. Soldiers from Gulfport Field will demonstrate the "Care and Use of the Gas Mask." All citizens of Waveland are invited.

The Volunteer Office will not be open Tuesday, September 15 as this is the date of the second primary and this office will be used for a voting place.

LIBRARY NOTES

Effective Monday, September 14, the Hancock County WPA Library will go back on its winter schedule to accommodate the out-of-town and local school children. Please note new schedule, morning 9 a. m. to 12 and afternoon 12:30 to 5. Saturday schedule unchanged 8 to 2.

The library is indebted to Miss Juanita Bonck for the gift of more than thirty books for which we thank Miss Bonck. They are almost all standard books for many of which we have constant calls.

The usual monthly book review will be given on the 4th Tuesday. Mrs. Caroline Dale Snedeker will review Werfel's "Song of Bernadette."

The library extends an invitation to the new members of the Bay High Faculty to make the library theirs, and no request from them for books will be disregarded. It is the library's purpose to work with the school in its reading.

SPONSORED by the local Red Cross, a group of six highly talented musicians, and a dancer of note, who are stationed at Keeler Field, will present a program at the Bay High School, Friday night at 8 P. M. This concert is being held to raise funds for kits to be sent soldiers, leaving ports of embarkation. This is a rare treat for Bay St. Louis. The price of admission is 25c for all students and 50c for adults. Miss Miriam Engman and Mrs. Stella Catching are in charge of the concert.

Mrs. Harold Weston will be in charge of making and filling of the kits. The material for this work will be notified by Mrs. Stella Catching when work is to start.

The material for surgical dressings is also expected to arrive soon. Those volunteering for this work will be notified by Mrs. Stella Catching when work is to start.

A meeting of all Volunteer Special Services was held at the courthouse Wednesday morning with Mrs. Leo Seal, Volunteer Service chairman presiding. Mrs. Claude Kohler of New Orleans gave a talk on the different types of Red Cross uniforms. A plea was made for Nutrition, Canteen and Motor Corps.

AN ANSWER IN ADVANCE

to ALL last-minute lies and insinuations reflecting on the character and integrity of JIM EASTLAND

JIM EASTLAND'S enemies are defeated and desperate. They are using every known method to reflect upon Jim Eastland's character and integrity in their futile attempt to elect Wall Doxey!

JIM EASTLAND'S neighbors in Sunflower and Scott counties know the TRUTH about his character and integrity — THEIR VOTES IN THE FIRST PRIMARY "ANSWER IN ADVANCE" ALL last-minute lies:

SCOTT COUNTY—in the Hills—where Jim was raised—gave him a lead over all four opponents of over 2 to 1

SUNFLOWER COUNTY—where Jim now lives—gave him a lead over all four opponents of over 7 to 1

RULEVILLE—where Jim has practiced law for seven years—gave him a lead over all four opponents of 309 to 1

JIM EASTLAND could never have received an endorsement like this from his home people if his character and integrity were not above question!

No Man Will Dictate To JIM EASTLAND

In the Senatorial Race in 1941, Jim Eastland supported Congressman Ross Collins against Wall Doxey, and Ross Collins carried Scott County (where Jim Eastland was raised) and Sunflower County (where Jim now lives).

An overwhelming majority of Ross Collins' supporters are now actively working for and supporting Jim Eastland for U. S. Senator because they know that he is the only independent candidate in this race — they know that no man will dictate to Jim Eastland!

Wall Doxey — Voted FOR PENSION For Senators and Congressmen — Refused to raise his voice against Labor Racketeers and Strikes in War Plants:

Thirty days before Pearl Harbor, a Mississippian wrote Doxey, begging him to DO SOMETHING to stop John Lewis and the strikes in defense industries. Doxey refused, saying, "I am a young Senator and there is an old respected custom with reference to a young Senator sounding off." (Doxey had been a Congressman for 12 years). But sixty days after Pearl Harbor, Doxey violated the "old custom" and made his maiden speech in the Senate in defense of a pension for himself. Doxey made this speech while our brave fighting men were dying on Bataan, and the important Naval Expansion Bill was sidetracked so Doxey and his pals could vote a pension for themselves.

JIM EASTLAND Will Be ELECTED

United States SENATOR

on September 15
 Because MISSISSIPPIANS WANT:

—New blood in Washington
 —A man who will NOT VOTE for a pension for himself
 —A man who will FIGHT the labor racketeers and the profiteers in business
 —A man who has shown his qualifications as a statesman
 —A man who will fight for economic justice for the farmers. (Since 1919 industrial workers have received a reduction of 20% in weekly working hours and an increase of 80% in weekly pay WHILE the farmers of Mississippi and the South have a much smaller income than they enjoyed in 1919. Jim Eastland will fight to maintain fair wages for industrial workers but he will also fight to give farmers advantages equal to those enjoyed by the industrial workers of the North and East.

—A man who will fight against the snoopers, sneakers, inspectors and supervisors who constantly harass the small business men.
 —A man who has a constructive plan for winning the war and the peace.

Hear Jim Eastland Monday, September 14

8:30 to 9:30 P. M.—Hattiesburg, WFOR; Gulfport, WGCM; Laurel, WAML; Greenville, WFFR; McComb, WSKB; Natchez, WMB; Jackson, WSLI; Columbus, WCBI; Greenwood, WGBM.
 6:15 to 7:00 P. M.—Memphis, WRMC.

Elect JIM — You Can DEPEND ON HIM!

Approved by Joe Brown, Campaign Manager — paid for by Friends of Jim Eastland in this County.

"RIO RITA" TO BE AT A. & G. THEATER THIS SUNDAY-MONDAY

Bud Abbott and Lou Costello climax their spectacular careers in comedy as a pair of footloose trouperers in Metro-Goldwyn-Mayer's musical extravaganza, "Rio Rita." Kathryn Grayson and John Carroll, of New Orleans, have the romantic leads, offering an elaborate range of colorful music.

Prominent in the supporting cast are Patricia Dane, who recently scored in "Johnny Eager," with Robert Taylor; Tom Conway, Peter Whitely, Arthur Space, Dick Rich and Barry Nelson.

A sensational feature of the new comedy is Eros Volusia, picturesquely Braillian creator of the "Samba" and other native dances. She makes her screen debut in a series of special numbers, aided by a group of lovely American dancing girls.

Miss Grayson recently appeared with Frank Morgan in "The Vanishing Virginian." Prior to that she made her screen bow in "Andy Hardy's Private Secretary," with Mickey Rooney.

Abbott and Costello appear as a team of financially embarrassed burlesque trouperers who stow away in a roadster to ride directly into the midst of a hilarious spy plot. Their adventures in escaping provide them with the funniest situations of their sensational careers as stage, radio and screen comedians.

The year celebrating their twelfth year of partnership in 1942, which is their second year in "big time" entertainment. They began their screen careers in 1940.

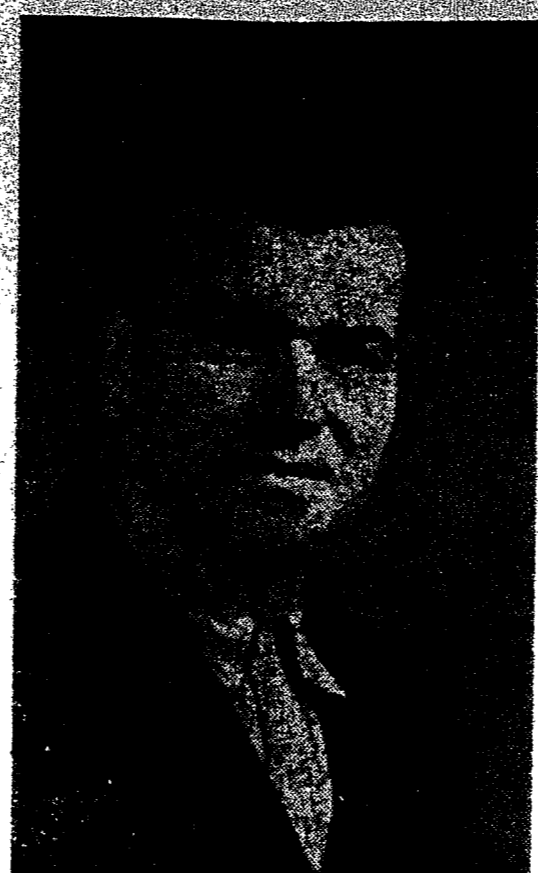

The picture was filmed partly on the desert near Palm Springs, Cal.

Boy Scout Troop No. 208 Enjoys Camping Trip

Getting close to nature and enjoying a camping trip on the banks of the river at Fenton just before the old Cuevas home, a group of boy scouts, members of Troop 207, accompanied by Father John Neimeyer spent three days and two nights, leaving early Tuesday morning and returning on Thursday.

Swimming, of course, was the greatest sport enjoyed by the boys and those enjoying the trip were Billy Landry, Donald Arceneaux, Clem Toca, Gaines Kergosien, Frank Kiefer, Bernard Farr, Bobby Fayard, Dickie Curran, Raymond Carrio, Jimmy Straughn, Wallace Boncampes, Jr., Toby Scaffide, and Joseph Capdepon.

Elaborate sets were constructed on huge sound stages at the studio for interiors.

Miss Grayson and Carroll sing a duet of two sparkling new numbers, "Long Before You Ever Came Along," and "The Rangers' Song," with a male chorus of 50 voices. Miss Grayson sings as solos the numbers, "Poor Whippoorwill," "Unusual Weather" and "The Shadow Song" from Dinorah. Carroll sings the theme song, "Rio Rita," supported by a large chorus.

ORTIE THEATER TO PRESENT "HOW GREEN WAS MY VALLEY"

Sunday and Monday, Sept. 13th and 14th.

"How Green Was My Valley" traces the threads of life of the Morgan family over a period of years—revealing their trials and loves, their joys and sorrows. It's the brave story of a family never conquered, not by armed men or hardship, hunger or hate—nor by the turbulent years that stole the greenness from their valley.

The featured cast is said to take able command of the opportunity to knit together a story that demanded highly specialized dramatic ability.

Walter Pidgeon, cast as Mr. Gruffydd, the minister, is said to cap his career with a splendid performance. Beateous Maureen O'Hara portrays Angharad, the lovely Morgan daughter, who captivates the pastor. Anna Lee in the role of Bronwen is modest and lovable—the epitome of womanhood, while Donald Crisp as Gwilym Morgan, the father, is firm yet kindly.

Young Roddy McDowell, the 12-year-old English actor whose ascent to stardom has been spectacular, portrays the role of young Huw—shy, impressionable and courageous, full of faith and hope.

A carefully chosen supporting cast includes John Loder as Ianto, one of the Morgan sons, Sara Allgood as the lovely mother, Barry Fitzgerald as Cyfartha, one of the villagers, and Patric Knowles in role of Ivor, another of the Morgan sons.

HOW GREEN WAS MY VALLEY

Selective Service Boards Must Be Prepared To Meet Demands

The state headquarters of selective service announced today that the serious military situation requires that all local boards be prepared to meet the demands on them for additional selectees. All local boards were ordered to complete the classification and reclassification of all registrants, including the recent twenty year old registrants, on or before October 1, 1942. The careful survey ordered by the local boards will determine the available supply of single registrants who will be inducted into the army, prior to the induction of those with established families. The intent of the congressional act in this regard will be followed in the administration of the selective service law in this state. The state director said, "everyone must be mindful that a registrant of the selective service system who has married since September 16, 1940, may have married when his selection was imminent and in the light of the act, is considered to be single."

Single registrants with collateral dependents (father, mother, sister, uncle, etc.) will be considered in

the light of the Servicemen's Dependents Allowance Act of 1942, which makes payable certain allowances to these collateral dependents. Registrants with bona fide families prior to the above date, (September 16, 1940), will not be selected at this time.

Agriculture and industry are cautioned to make plans to replace their present single employees with registrants who have wives and children. The standard by which "a necessary man engaged in an essential activity" is gauged will be measured more carefully than in the past. Married men with children must replace these single men who are engaged in such essential occupations. A short time will ordinarily be granted in all instances to produce the shift of such groups of married men with wives and children who may now be engaged in what is termed "nonessential" work as related to the war effort.

Employers in all essential war work are requested to cooperate fully in this matter of replacement of unmarried men in their plants. While the armed forces claim priority on single men, all local boards desire to aid in the replacement of these single men in an orderly process.

WITH THE FISHERMEN AND OTHER SPORTS

By KANCHU KETCHEM

A NUMBER of fishing parties were spoiled over the Labor Day week end due to lack of live bait. Shrimp at the present time are scarce and hard to get. According to commercial fishermen shrimp haven't come in like they should, however, prospects are bright for the future.

Fresh water fishermen had a hard time locating the fish. The water has been bad due to rains of the past couple of weeks. Good water was located up Jordan river above Rotten Bayou, up Bayou La-Croix and Bayou Phillip and some good catches were made of green trout and perch.

Dr. C. M. Banister caught some nice one over the week end.

J. H. Barkley with his brother, Gary and wife report a good catch up Bayou LaCroix Sunday.

Alden Mauffray and his guest C. J. Gordon, went out Sunday afternoon but had little luck. However they tried it again Monday and caught six nice size green trout, one weighing 2 1/2 pounds, caught by C. J. on a crumple minnow.

Albert Hitt and Henry Osinach enjoyed catching a number of perch

and a few green trout Sunday afternoon. They had a little trouble finding their way back to the landing because they fished until after dark. "They were still biting when we left," said Albert.

Bob Genin and Dec Elliott caught 12 large green trout and 15 perch Monday afternoon up Jordan river.

According to reports of expert fly fishermen the best fishing for the past two weeks has been after 5 o'clock. This no doubt is due to the tide falling late in the afternoon. The best fresh water fishing seems to be on a falling tide.

As one fisherman said recently, it won't be long before trolling for speckles will be in order. According to those who know green trout fishing will be at its best during the next month or two. One good catch of green trout was made in January of last year with under-water baits. The big ones strike best when the weather is a little cooler. So there is no excuse for those who like fly fishing and casting. You can take your choice while out on a trip. Speckles or green trout can be caught in this section of the country all year 'round.

Now is the time to check over

the old tackle box. Replace old baits, fix up the reels and get new lines—you will need them by keep the big ones from getting away!

Red fish are being caught at this time at the mouth of Wolf River. They are feeding on the flats in shallow water. Give them a try.

Steve Kenny and family spent Labor Day in Bay St. Louis. Steve spent some hours fishing out in front of the College wharf. He would not say what he caught.

War emergency requires office managers and assistants. High school and college students are urged to begin specialized training immediately. The shortage of workers is one of our most serious bottlenecks.

IMPORTANT

To the Cotton Farmers of Mississippi:

Thousands of Mississippi cotton farmers have been misled by and have honestly believed the false, absurd and preposterous claims of James O. Eastland, upon which false claims Eastland has tried to ride into the United States Senate. For many months this rich delta planter has been trying to make the farmers believe that what he said or did during his 88-day interim term as a Senator increased the prices of cotton and cottonseed.

Read the statement below in which fifteen of the Senators from the Cotton States of South Mississippi repudiate and deny every claim made by Jim Eastland.

United States Senate

September 3, 1942.

TO WHOM IT MAY CONCERN:—

The increased prices received by the farmers for their cotton, cottonseed and other farm products are, in the opinion of the undersigned, due primarily to the efforts of the farmers themselves in sponsoring and working for the passage of laws and farm programs which have been enacted by and through the efforts of their friends in Congress who have labored for years in the farmers' interests. Conditions brought about by the war have also had a strong tendency to increase prices of all farm products.

While we are not taking part in the Democratic Primaries in any State save our own, yet, in all fairness and in response to numerous inquiries, we do not hesitate to state unequivocally as a fact that the record of the Congress shows that the claims of any one person that what he alone said or did raised the price of cotton or cottonseed are absolutely absurd and totally unjustified by all the facts of the official records.

U.S.S. - Alabama *U.S.S. - Georgia*
U.S.S. - Tennessee *U.S.S. - Louisiana*
U.S.S. - Mississippi *U.S.S. - Alabama*

No sane person will deny the above statement, voluntarily made by the leading Senators from the Cotton States because these are the men, along with Senator Wall Doxey and many other friends of the farmer in Congress, who for almost nine years have passed laws and inaugurated the policies that have given to the farmers increased prices in their cotton and cottonseed and other farm products, AND PARITY, BENEFIT AND SOIL CONSERVATION PAYMENTS, all of which was done before the death of Senator Pat Harrison whom Eastland succeeded for 88 days by the appointment of Governor Paul B. Johnson.

Every farmer in Mississippi that Jim Eastland has tried to fool with his false claims, who was led to vote for him in the first primary, should and will resent Eastland's attempt to double-cross him.

CAPITOL ACTIVITIES

Tax of 1942 Over 1941

According to reports from the State Tax Commission collections continue to be very satisfactory for the state. It is estimated on the basis of collections for the first 8 months of 1942 that the total for the current calendar year will reach almost 25 million dollars, as compared to \$18,347,373 for 1941 and \$14,173,801 for 1940. Collections for August show a total of \$1,642,870.92 and while this was less than the record-breaking collection in July it is \$409,069 more than was collected in August, 1941. Not only have general collections made a good showing but the amount of gasoline tax collected continues to hold up and the indications are that there will be no trouble in meeting road-bond obligations from this source in 1942.

Eat More Cheese

American farmers have responded nobly to the call of the Government for more milk and milk products for this year and 1943. And Mississippi farmers have done well their part in the program. One article of food that will hardly be rationed is cheese. The supply for home and abroad is ample and the Government is urging people to eat more cheese. Cheese supplies many of the food and vitamin elements needed in the every-day diet. A pound of cheese contains more protein than a pound of round steak. In June 1941 milk was being manufactured into cheese at the rate of 600 million pounds annually. By April 1942 the consumption of milk for the manufacture of cheese has been stepped up to 1,000 million pounds yearly.
